NEW YEAR.

Again the last week of another year has come, and ere another week has passed the first year of the last decade of this century will have passed. Many are the changes that have taken place during the past year, and we may expect just as many to be brought about in 1891. Of the changes that have taken place here the most important is the long wished for one—the advance of the railroad—which will undoubtedly work wonders for the prosperity of this hitherto prosperous community. That so large a town should be found so far north causes surprise to everyone who comes, but of the increased prosperity which will attend a town situated in the generally acknowledged most fertile part of the Northwest there is no need to speak. The last days of the year are a most appropriate time to recount the errors and failures we have made in the year that is ending, and begin the coming year decided that none of these will mar 1891. How long these well meant resolutions will continue to guide their makers, only time will reveal, but for those who have spent their former years in carelessness, we can say that not many days will pass before all these good determinations are in ruins, unless something more than mere resolving is carried into effect. With the coming of 1891 we hope increased prosperity will attend this community and each of its members individually, and wish that all may enjoy a happy New Year.

Now that it has become certain that a Registration and Land Office will be built, it is important that these be situated as conveniently as possible for the majority of the people. For the convenience of the people no situation can be more suitable than the lot on which the old telegraph office stands. This is the most central part of the town, and if the building is placed here it will be sure to give satisfaction to all concerned. There are sites which would doubtless be more suitable to particular parties,

NOTICE.

Mr. Taylor is authorized to give receipts in my name, and to take any steps necessary to the collection of accounts.

but if the general interests of the town are considered, the location of the building in this place cannot but meet with the approval of all parties.

As the annual election for trustees will shortly take place, it is of the utmost importance that good men should be elected to fill such a very important position. Previous to the election of trustees in the city of Winnipeg, the following excellent article appeared in the *Tribune* of Dec. 15th inst.:

"Now that the election of school trustees is at hand it might not be amiss to say one or two things regarding those who would act as the people's representatives. The duty of a school trustee is two-fold. (1) To wisely and honestly expend the money devoted to school purposes; (2) To see that proper buildings, apparatus, teachers, etc., are provided so that the children of the city may be properly educated. In order that the money be rightly expended it is necessary that every trustee be a thoroughly honest man,—above suspicion even. He must, moreover, be a man of business ability, not one who ekes out an existence by doubtful methods. If the people elect as trustees those who have doubtful reputation, they must be satisfied to abide by the consequences. Trustees must be men, who under no circumstances can be bribed, in fact they must be so known for their integrity and uprightness that no man will even dare to approach them. They must in addition to this be men who have no axes to grind, no personal friends for whom they are seeking favors. No public officer should sacrifice public interests in order to benefit his friends. If a teacher is faithful and competent he should be retained in office, even though he is personally at variance with the trustees; if he is incompetent, he must be dismissed, no matter what his relations are toward the members of the board. There is always a danger that men will get on the board to air some personal grievance. This is disastrous to the welfare of the schools. We have in the city men of sterling worth, who are ready to assume the responsibilities of office. These are the men that should be elected by the ratepayers.

WRONGLY INFORMED.

To the Editor of the Times.

Sir,—The following item appears in the *Saskatchewan* of December 4th:—"The Carrot River Agricultural Society have sent Mr. J. Robertson of that settlement to Ontario for emigration purposes." Your worthy contemporary must have been wrongly informed as the books of that Society do not contain a resolution authorizing Mr. Robertson to act as Immigration Agent in its behalf, nor is

there any thing to show that he has gone to Ontario on its recommendation.

By inserting the above in the next issue of *THE TIMES*,

Allen's Lung Balm was introduced to the public a few years ago for the positive cure of such diseases had been fully tested. It cures expectoration and causes the lungs to throw off the poison or mucus; cleanses the secretions and purifies the blood; kills the irritating parasite; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. It is a safe, immediate and satisfactory remedy that it is warranted to break up the most distressing cough in a few hours; that, if not of too long standing, it cures to stand in any form and is warranted to be perfectly harmless to the most delicate child. There is no real necessity for so many deaths by consumption when Allen's Lung Balm will prevent it if only taken in time. For Consumption, and all diseases of the Lungs, ALLEN'S LUNG BALM is the Great Modern Remedy. For Croup and Whooping Cough it is almost a specific. It is an old standard remedy, and sold universally at 50 cents and \$1.00 per bottle. The 25-cent bottles are put out to answer the constant call for a Good and Low-Priced Cough Cure. If you have not tried the Balm, call for a 25-cent bottle to test it.

DO

you read the Montreal Witness? Is a question which thousands of men and women are being asked just at this time in Canada. The reason is that the value of this paper is above a question. It is well written and is a compilation of all that is going on or thought in the world. It devotes itself to lighting for the night. Whether you are old or young it will interest

YOU

and all who live in the same house with you. This year it offers several attractive prizes for purchasing it already large circulation. One of these is the Free Lending Library plan whereby every subscriber, by taking this paper may become a member of a lending library which shall have few or many good books for him to

HEAD

according as the plan has been energetically worked out. It also offers to its active canvassers and agents good cash commissions or valuable premiums which amply pay for all the labor and time put into working for a while at

THE

same time conferring a benefit on all subscribers who may be inclined to read it. And the most attractive feature of the Witness which is peculiar to it alone in Canada but which has been adopted in the United States on the same lines as first laid down by the Montreal Witness, is the prizes offered to circulate in public schools for the best true stories of life and adventure in Canada. From

MONTREAL

east and west to the Atlantic and to the Pacific Oceans, including Newfoundland, the rocky island of the Gulf, have come stories some of which have been written in a literary style by professional writers, and many of which contain new and valuable facts in Canadian history. Amongst the many authorities who

WITNESS,

to the excellence of these stories are the judges in each province who award the prizes and the inspectors and teachers of schools in every portion of the Dominion and Newfoundland, as well as the newspapers, who speak kindly of them and republish some of them. In addition to the House hold and Question and Answer department the Market Reports, the lively and sterling editorial Articles, the Serial Stories, and in fact the whole body of the paper, make it a welcome member of the family in every household where it is taken. In November the WEEKLY WITNESS was enlarged by more than a page, thus making an enlargement of two pages a week within two years, adding greatly to its value and interest. The WEEKLY WITNESS is mailed free to subscribers in Canada, Great Britain and the United States for \$1.00 a year; and the DAILY WITNESS for \$3.00 a year; and the NORTHERN MESSENGER for 50 cents a year. The Publishers are: J. B. BROWN, JOHN BROWN, ALI & SON, to whom you may mail your subscription or who will send you a sample copy or answer any
